Redefining the Art of Engineering Excellence

ABOUT US

RAJDHAN METALE established in the flourishing year of 1999, Rajdhan Metal Company has evolved into a vanguard in the production of high-caliber Pipe Fittings & Flanges.

Our journey has been defined by an unwavering commitment to excellence, where each component is not merely a product but a declaration to our dedication to superior quality, rich material composition, and always worked hard for the perfection leaving a impression on our customers.

At the heart of our endeavors lies a profound Vision & Mission: to transcend industry norms and set new benchmarks in global metal manufacturing.

To actualize this vision, our entire management apparatus, spanning across production, marketing, dispatch, delivery, and after-sales service, operates in strict accordance with our guiding ethos
